WORK EXPERIENCE

Arvest Bank
Finance intern

Overland Park, Kansas
May 2026 - August 2026

- Shadowed professionals across 12+ departments to learn daily banking operations, client compliance procedures, project standardization, and cross-functional collaboration.
- Gained exposure to financial products and services, including HELOCs, lines of credit, mortgages, consumer loans, private banking, marketing, and human resources.
- Partnered with wealth-management professionals to examine portfolio analysis, asset allocation, fixed-income and equity investing, financial modeling, and Bloomberg-supported trading research.

Landsharks Volleyball Club
Assistant Coach

Lawrence, Kansas
August 2025 - Present

- Assisted in planning, leading, and developing organized practices and conditioning sessions for 20+ youth K-12 athletes.
- Support young athletes by coaching fundamental skills of volleyball while guiding them through teamwork and game strategies.

Pinstripes
Server Assistant

Overland Park, Kansas
May 2024 - Present

- Coordinated professional events for up to 200 guests for weddings, business meetings, and sports committees.

Implemented adequate service to guests through preserving a professional image by engaging with customers about special deals, discounts, and offers.

LEADERSHIP & ACTIVITIES

KU Men's Volleyball Treasurer

May 2024 - Present

- Manage \$5000 of club financials through KU SOFAS accounting systems including multiple debit payments, budgeting for tournaments, and tracking the funds of players and other leadership members.
- Coordinate team registration, travel management/representative for 12 regional tournaments in compliance with KU sports club policies.
- Operate hotel reservations and travel logistics for 30 club members using up to 10,000\$ in university funding to ensure efficient team coordination.

KU Alpha Kappa Psi Brotherhood Committee

September 2024 - Present

- Interact with 15+ members about our future career prospects during chapter meetings and social events to establish a network within the financial field.

Structure events with 15 executive members managing funds of 650\$ through ensuring an organized environment for local events, activities, and outdoor sporting tournaments.

RELEVANT PROJECTS

University of Kansas FIN 410 - Investment Theory: Stock Volatility Forecasting

April 2025 - May 2025

- Developed a team-based GARCH(1,1) financial model in Excel to forecast monthly volatility for 25 large-cap stocks using six years of historical market data.
- Analyzed daily stock prices and calculated log returns, squared returns, and realized monthly volatility to measure historical risk and identify volatility clustering.
- Applied maximum likelihood estimation (MLE) and evaluated 300 out-of-sample monthly forecasts using MAE, RMSE, MAPE, and R².
